DESCRIBE WORK BEING DONE _____

Separate permits are required for electrical, plumbing, heating, ventilation or air conditioning. This permit becomes null and void if work or construction authorized is not commenced within 6 months, or if construction or work is abandoned for a period of 6 months at any time after work is commenced. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel authority to violate or cancel the provisions of any other state or local law relating to construction, nor does it give authorization or approval to encroach on any easement or property or violate any deed restrictions. The City of Tomball shall never be liable for any damage or loss by reason of the issuance hereof. Each holder and other persons acting under authority of this permit are personally responsible for compliance with all the above provisions and assume the entire risks incidental to the work being permitted.

Plumbing Permit Fee \$ _____

PLEASE NOTE:

- ** Liability Insurance is required on all permits issued to a contractor.
- ** Certified Plumber must sign the Plumbing Application form.

I hereby certify that I have read and examined this application and no the same to be true and correct.

Payment of permit fees does not guarantee approval of this application. Should the permit application be denied, and there is no violation of any code or law of the city of Tomball, the fees will be refunded via the City's Accounts Payable Department. By signing the front of this form I agree to follow the code of Ordinances for the City of Tomball and any associated laws applicable in the City of Tomball, Harris County and the state of Texas. The insured master **must have current records documenting licenses and insurance on file with the City of Tomball Permit Department. Permits expire after 180 days. Re-inspection Fee: \$25.00 and must be paid prior to the next inspection.**

GAS TEST GUIDELINES

- A Plumbing Permit must be secured at the City of Tomball Permit Department by a licensed plumber or residential homeowner.**
- All repairs must be made by a licensed plumber on all commercial and rental property. Residential Homeowners may repair their own lines.**
- After repairs, a diaphragm gauge test must be performed by the plumber or residential homeowner. Test must be inspected by a City Plumbing Inspector before removing the gauge. The diaphragm gauge shall be installed on the customer's line, immediately downstream of the gas meter. Gas meter must be disconnected from customer's line to perform diaphragm test.**
- After City Inspector's approval of the diaphragm test, the plumber or homeowner shall remove all equipment and reconnect the gas meter to customer's line.**
- The City of Tomball does not allow gastight type flexible gas tubing.**
- Once the Plumbers equipment has been removed, he should call the City of Tomball Utility Department at 281-290-1424 to schedule a gas light up.**

I have read the above and agree to follow the guidelines that the City of Tomball has requested of me.
