TPD Joins the National Crime Map – Citizens Now Have Access to Timely Crime Data

Have you ever seen flashing red and blue lights in your neighborhood and wondered what was going on? Do you want to find out how safe your neighborhood really is? Now you can, through a new partnership between the Tomball Police Department and CrimeReports, creators of the National Crime Map, at www.CrimeReports.com.

“Providing timely, accessible, and usable information to our citizens is one of our top priorities,” says Chief Robert Hauck. “And partnering with CrimeReports gives us the ability to keep the public informed.” He added that the map will be updated every 24 hours and that citizens can sign up for free email crime alerts. “Information is power,” Chief Hauck added. “And we hope that providing this information at no cost to the community will prevent crime in our neighborhoods.”

The Tomball Police Department is joining a list of nearly 600 other law enforcement agencies of all sizes across North America who are sharing their crime information with the public through the map, like Boston, Dallas, San Francisco, Portland, Washington D.C., Los Angeles County, and more.

You can access your local crime map and sign up for daily, weekly, or monthly email crime alerts at www.CrimeReports.com or by selecting the CrimeReports widget at www.tomballpd.com.
